Benefits You Can Bank On – Helping You Enhance Customer Experience and Increase Productivity

## Drive Efficiency and Empower Your Teams with GDC IT Solutions

In today's fast-paced banking and financial services industry, every second counts. Delays, errors, and inefficiencies can cost you valuable time and resources. That's where GDC IT Solutions comes in.

**Boost Productivity:** Automate routine tasks, freeing up your IT team to focus on strategic initiatives.

**Gain Insights:** Leverage data analytics to gain valuable insights and optimize decision-making.

**Reduce Errors:** Minimize human error through automation and process optimization.

**Increase Agility:** Respond quickly to market changes and adapt to new technologies with ease.

# Banking & Financial IT Services

Benefits You Can Bank On – Helping You Enhance Customer Experience and Increase Productivity

Ready to take control of your IT and drive business growth? Let's discuss how we can help you achieve your goals and unlock your full potential.

GDC is a trusted technology partner for mid-sized banking and financial service organizations who count on our technical and domain expertise for their specific outsourcing needs. Our services cover a wide range of areas and business needs including:

### Application Development

Development & support custom built and off-the-shelf tools and platforms using DevOps to automate deployment & release cycles.

### Disaster Recovery & Business Continuity

Prepare for & recover from disruptions quickly to restore business operations and core profitability functions.

### Back Office BPO

You build the process & we execute it. Give time back to your team while GDC handles back-office details and tasks with diligence and care.

### Hardware & Software Deployment

Industry leading manufacturers for your client and data center hardware, software, peripherals, and accessories needs.

### Cloud Services

Azure and/or AWS Cloud for on-demand access to computing resources, storage & databases for scalability & cost efficiency.

### IT Infrastructure Management

Proactive monitoring, maintenance & optimization of your IT systems for optimal performance & reliability.

### Customer Care

Customer facing support for your internet banking products & applications through our 24x7 contact center.

### Remote & On-Site Network Management

Maintain optimal network performance & security with remote & on-site installation and repair services.

### Security Threat Management

Enhance security posture with threat detection & vulnerability management to ensure business continuity.

### System & Data Integration

Integrate disparate systems in real-time and from all silos, for secure, seamless dataflow & automation.

### Business Intelligence & Data Analytics

Gain insights from data to improve decision-making & risk management.

### Workforce Staffing & Recruiting

Upskill employees & maximize your team using our scalable talent recruiting services.
